

Executive Committee & President Report - HC Board meeting, March 1, 2021
Submitted by J. Lemmenes

1. Development Consultant Position: Jennifer Brunk has resigned from her position as our Development Consultant per a conversation with Jean on January 23, 2021. Her 20-21 contract was never signed and no exchange of payment occurred the current season. Jennifer has graciously given free consultation to Jean throughout the current development process. She sincerely cares about the success of the Holland Chorale, and has offered to continue free consultation to Jean for the upcoming GNFS process.
2. Development Report:
 - I, Jean, will plan to continue overseeing our Development process while I am President if the Board agrees. We need to start discussing what to do with the Development Consultation position for the future. Should we keep it a paid position or make it a working board position?
 - Due to our current good standing budget, we will not solicit a concert sponsor for the upcoming April Concert. Instead we will honor all those who have given this past season. Since we did not have a program book to list list donors, we will list them at the end of the video and also give a general verbal thank you on the video. Betty and Carol will work together on this project.
3. Covid Protocol-For Spring recording sessions and possibly next fall rehearsals. Please read attachment and prepare for discussion and approval. The protocol was put together by Jean, Patrick, Betty and Jenny.
4. Board Recruitment- We will review current names on our list and add new names.
5. The Season End & next Season Start Up - Changes (Patrick)
